Subject: Request for Surety, Rocanville Stone, Tejon Quarries, M/027/087, Millard County, Utah

Dear Mr. Hamilton:

On July 12, 2005, we sent you a letter stating the Notice of Intention for this site was approved and the total surety would be \$108,900 to cover 20 acres of disturbance. You asked that you be allowed to submit the surety in yearly payments over the next five years until the full \$108,900 surety to cover 20 acres was paid.

The Division currently holds a \$31,700 "transitional" surety. Per your request, it was agreed that the Division would allow you to make yearly submittals by March 31 through the year 2009 until the full \$108,900 was received to cover the full 20 acres of proposed disturbance. You were to make a \$27,100 payment within 30 days of our July 2005 letter, which would allow you to mine within the already approved 9.91 acres and the additional 1.59 disturbed acres (total of 11.5 acres). You were informed that additional surety **MUST BE RECEIVED BEFORE** creating any additional disturbance.

To date, we have not received the required \$27,100 additional surety for the 11.5 acres of existing disturbance. Please provide the required surety w/in 30 days or contact us to make arrangements as to when the surety will be provided. Failure to respond may result in requiring immediate reclamation of the mine site, as the mining law requires all mine sites be adequately bonded.

Please contact me at (801) 538-5258 if you have any questions regarding this letter.

Sincerely,

Susan M. White
Mining Program Coordinator
Minerals Regulatory Program
